Presenting the conference facilitators and the working methods, Status Flow

9.30 am How is the current situation in the Nordic countries? How do we organise our work on Vision 2030 in relation to the pandemic we are on the way out of / are in? What transformative forces are important to consider? What opportunities do we see for adult learning?

Inspiration based on the Warm data lab-method. How can we work with sustainability, Miriam Sannum, Nordic Network for Sustainable Development.

Break

Sustainable Learning, Stefan Bengtsson, Uppsala University, Sweden
Experiences from Sweden’s study programme in Sustainable Development. How can education and learning strengthen the transition to a more sustainable society?

Sustainable Transformation - you are important, Gry Guldberg, Emerging, Denmark
How to be a leader and a role model for sustainable transformation for the benefit of Mother Earth? How can we use the collective wisdom to create courage and action?

Discussion on the challenges that the Nordic countries are facing taking the Vision 2030’s goals into consideration.

Break

Tools for working with the UN’s Sustainability Goals - experiences from working with “the SDG impact assessment tool” by Fremtenkt and the Nordic Network for Sustainable Development
Educational organisations play an important role in helping all Nordic citizens participate in the green transition and in generating innovative solutions. Participants are invited to discuss tools and strategies that can help raise awareness of how sustainability goals can be actively used both in terms of own work and in different projects in different sectors.

Break

The Strength of Local Society Change, Agnes Tvinne reim, Netværket Bærekraftige liv, Norway
A story about the power of local change and of the civil society. Great things can happen when you take the everyday experiences and competencies of each individual and the local community as a starting point.

4 pm Closing and possibility for after-work online networking
