

Session 8 Motivation – nye veje?

På session 8 lavede vi en brainstorming over nye ideer til, hvordan man kan fremme motivationen til voksnes læring. Der kom en del forslag, som vi bagefter stemte om.

15 stemmer

1. 'Changing the self-image in what way people see themselves'

7 stemmer

2. 'Change government language in order to catch 'the dream' of a 'better life'.

6 stemmer hver

3. 'Family learning', 'Focus on what people are good at'
4. 'Demonstrate personal value of learning'

5 stemmer hver

5. 'Starting point in personal interest'
6. 'Get rid of sticks – Negative impact on motivation'

4 stemmer hver

7. 'Make people tell you their success stories'
8. 'Visible goals'

3 stemmer hver

9. 'Combining different learning styles (images, words, body)', 'Vision, experience, feeling of positive change', 'Norway's oil money for Nordic learning'
10. 'Politicians should visit education institutions to understand praxis leading to more support'

2 stemmer hver

11. 'Learning society', 'National learning day: tell about good experiences with learning, tell about learning in alternative settings, media event)
12. 'Safe learning environment'

1 stemmer hver

13. 'More adult learning information and guidance', 'Expose an avant-garde in adult learning to make it fashionable and encourage others', 'Think out-of-the-box and create new concepts in informal learning', 'Create opportunities for individual and flexible learning paths f.ex. for unemployed'
14. 'Break down barriers – working life and education should be integrated – learning outside institutions'.
