

THE EUROPEAN YEAR OF SKILLS IN NORWAY

Norwegian Directorate
for Higher Education
and Skills

Margrethe Marstrøm Svensrud

Goals for EYS in Norway

- **Good access to high-quality and flexible training and education across the country**
- **Increased mobilization of the labor force reserve**

Measures for Skills Enhancement During European Year of Skills

- Indefinitely right to free upper secondary education
- Flexibility to change educational programs
- Opportunity to obtain multiple vocational certificates

Norwegian Government Forms Committee to Enhance Lifelong Learning in Workforce

- Fostering tripartite cooperation and the collaborative Nordic model
- Representatives from both employer and employee sides
- Investigate various facets related to workforce education and skills development
 - assessing opportunities and tools for workplace learning in Norway
 - creating cost-effective yet high-quality education tailored to labour market needs
 - exploring models to encourage further education and training
 - enhancing the facilitation of workplace learning among the three parties involved
 - refining models for assessing and valuing competencies acquired in the workplace.

Thank you!

**EUROPEAN
YEAR OF
SKILLS**
